

Neurodiversity: attracting, recruiting & supporting people with autism in the workplace

The Swindon
**INCLUSION &
DIVERSITY**
Network

Emma Feltham, Nicole Hardiman and Claire Farrow (Co-Founders)

22nd April 2020

Welcome to the fourth
Swindon Inclusion & Diversity
Network event

Swindon Inclusion & Diversity Network: Vision

Bringing people together to
enable cultural change in
local organisations

Swindon Inclusion & Diversity Network: Mission

We will do this by:

- Building a diverse, cross-sector community of individuals and organisations committed to making the local area a more inclusive place to work.
- Taking an intersectional approach to diversity with a focus on visible and invisible characteristics.
- Growing confidence and capability in Inclusion by raising awareness of Equality and Diversity – leading to knowledge sharing, empowerment and increased expertise.
- Influencing and shaping local policy.
- Making theory become reality through the network and working together to develop future plans that ensure sustainability of the network.

Welcome Rob Wheeler, Head of
Digital Engineering at Nationwide
Building Society

Building Society

Questions?

Thank you!

- A huge thank you to Rob for sharing his knowledge with us this evening
- Thank you all for joining us
- We'll be sending out a post event survey – please share your feedback
- We want to be able to contact you about our future events – please fill in our [consent form](#) if you're happy for us to stay in touch (if you haven't before)
- Please join our LinkedIn Group if you aren't already a member: <https://www.linkedin.com/groups/13681673/>
